

Gel Beauty

A preservative-free conductive dermocosmetic gel for professional use

"AIRLESS SYSTEM"

PRESERVATIVE-FREE

KEY WORD: Gel Beauty containing natural active ingredients to be used as a base for aesthetic treatments with magnetophoresis (*GUNAPHORESIS* device), ionophoresis, iontophoresis, electroporation, ultrasound devices, etc.

Description

IT IS A DERMOCOSMETIC GEL THAT CAN BE USED ALONG WITH OTHER GUNA PRODUCTS IN AMPOULES. IT IMPROVES THE ABSORPTION OF THESE LATTER INTO THE DEEPEST LAYERS OF THE SKIN.

It has been expressly studied for a professional use together with various techniques (magnetophoresis (*GUNAPHORESIS* device), ionophoresis, iontophoresis, electroporation, ultrasound devices, etc.). Its special formulation improves the aesthetic results from the very early treatments.

Gel Beauty can be mixed with GUNA ampoules (*Made*[®], *Guna*[®]-Collagen, *Omeoformula*[®] 1, *Omeoformula*[®] 2, *Omeoformula*[®] 3 and *Omeoformula*[®] 4).

Gel Beauty is a product for topical use. The ingredients contained in its special and new formulation have the following action:

- Skin aging
- Skin toning up
- Anti-wrinkles
- Skin bleaching
- Skin moisturizing

Gel Beauty is a basic component for any individual cosmetic treatment.

Gel Beauty does not induce any thermal effect and promotes the spread of the signals emitted by the a.m. devices. Its active ingredients have an anti-aging, antioxidant and tonic action.

The "airless" pumping system of the new bottles allows the gel to be kept in a nitrogen environment without coming into contact with external air:

- the gel is not contaminated by the external environment;
- a better microbiological stability is guaranteed as it is preservative-free;
- if the gel is correctly stored, its organoleptic characteristics remain unchanged.

The pumping system is extremely accurate and avoids any product waste.

Ingredients

Aqua/Water/Eau, Propylene Glycol, Malpighia Glabra Fruit Extract, Xylitylglucoside, Anhydroxylitol, Xylitol, Glycerin, Capryloyl Glycine, Arginine, Lysine, Hydroxypropyl Methylcellulose, Human Oligopeptide-20, Sodium Chloride, Collagen, Pueraria Lobata Root Extract, Ethylhexylglycerin, Panthenol.

Directions and warnings

One dose of **Gel Beauty**, i.e. 1 ml approximately, can be used with 1 or more ampoules: mix them gently and then apply this cocktail to the area to be treated.

Keep the product in cool and dry place and protected from light. For external use only. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water for 2-3 minutes.

Packaging

50 ml bottle with "Airless" system, 1,7 fl. oz.
