

Stamibio® Lotion

Dermocosmetic Restructuring Lotion

COSMETIC

NOVEL

Stamibio® Line includes three novel products: **Stamibio® Beauty**, **Stamibio® Derm**, **Stamibio® Lotion**. It stands out for its unique and complete formulations, containing Selected Protein fractions extracted from Roe (zebra fish) eggs, plant and mineral-derived ingredients, vitamins, which help to restore and regenerate the **facial** and **body skin** as well as the **scalp**.

Description

Stamibio® Lotion has natural soothing, epithelizing and nourishing properties. It helps rebalance the regeneration process of the **scalp** and **hair**, helping to calm irritation and redness.

Stamibio® Lotion

Specific dermocosmetic formulation with:

Roe Extract: exclusive active component made up of selected protein fractions, extracted by means of controlled processes from Zebra fish eggs; a great number of research studies have shown its rebalancing properties on the scalp's natural regenerative processes even in case of sensitive, hyperkeratotic, scaly and dry skin.

Ginkgo biloba: well-known for its antioxidant regenerating and protective beneficial action on the scalp microcirculation.

Salvia officinalis: its essential oil has refreshing, antioxidant, anti-inflammatory and antibacterial properties.

Vitamina E: formulated in a highly biocompatible form for the skin, exerting an anti-aging and supportive action to its physiological healing process.

Key words:

Restructuring and rebalancing lotion for sensitive, irritated, seborrheic **scalp** with a tendency to desquamation

Main ingredients

Aqua, Glycerin, Salvia officinalis Extract, Ginkgo biloba Extract, Cinnamomum Zeylanicum Extract, Apigenin, Oleanolic Acid, Roe Extract, Ethyl Nicotinate, Quaternium-52.

Paraben free

Fragrance free

Dermatologically tested

How to use

Apply approximately 15 drops with the dropper directly onto the scalp as needed and rub in with fingertips until completely absorbed. Stamibio Lotion is not greasy for the hair or the scalp and is quickly absorbed.

A slight temporary reddening after application is a desired effect and prior to the action described.

Packaging

50 ml bottle with dropper

For external use
